Dec 2014	AP93	Unregistered FP from C330 to C3311 needs registering. Clerk to find out procedure.	MH	<p>Ref: 3549839</p> <p>17.1.19 Email sent asking for an update on progress – claims ref. CPM876. Later, reply from Mary George, Senior Definitive Map Officer saying that this case had been assigned a medium priority (of which we had been informed), it should normally take between 2 – 5 yrs to process but there are still 23 cases ahead of this one at the moment.</p> <p>13.11.20 Email sent to Mary George asking for update</p> <p>16.11.20 Reply saying we are now 25th on the list as other priorities had superseded us. Mary suggested we could appeal to the Sec of State to advance our position.</p> <p>17.11.20 JM agreed we should do this.</p> <p>13.1.21 JM has agreed to take this forward</p> <p>5.5.21 JM reported appeal sent to Sec of State 3 weeks ago.</p>
Feb 2018	AP135	Ongoing problems with FP's 1, 3 & 20 (Continuation of AP123, AP127, AP129&130)	MH	<p>13.1.21 Current wet weather has meant that no progress can be made on any of these paths at the moment. R Fynn flooded its banks at the end of December and several paths were impassable. Work will resume when things have dried out.</p> <p>3.3.21 Clerk to contact Debbie Adams for an update</p> <p>24.6.21 These paths all passable at present but this could change if more wet weather is experienced.</p> <p>19.8.21 Clerk reminded Debbie Adams that new “No Cycling on Footpaths” signs were promised by mid-July but have not yet materialised.</p> <p>27.10.21 Chaser sent re “No Right to Cycle” signs and for netting to be replaced on bridge in the Alder Carr on FP20, which was promised a year ago.</p> <p>27.10.21 Reply rec'd from Debbie Adams saying she will get signs to us asap and see to the replacement netting.</p>

Date	No:	Issue	Responsibility	Update November 2021
Dec	AP147	Blocked culvert on LH side of entrance to V Hall	MH	<p>15.11.20 Site meeting with Sam W to discuss improvements – Sam has constructed a wooden enclosure around the drainage pipe entrance to prevent leaves from clogging it up and to prevent anyone slipping into the deep hole. It was suggested that small drainage holes should be drilled in the vertical side opposite the pipe to aid water flow.</p> <p>17.11.20 The wooden structure seems to be working well and drainage operating successfully.</p> <p>16.12.20 Quote rec'd from Norse to dig out ditch running alongside Butts Road in front of V Hall, above the drainage pipe. This was accepted by PC by email.</p> <p>20.1.21 Ditch successfully cleared and appears to be much improved. Situ to be monitored.</p> <p>6.7.21 Offer from Sam Webber to enlarge the drain holes in the wooden cover to help them drain more efficiently and to clean out the enclosed area this was readily accepted.</p> <p>31.8.21 Sam confirmed he has drilled out the holes slightly bigger and having lifted the drain cover it appears the system is working as the exit drain pipe is clear. He will replace a couple of screws in the cover.</p>
Aug	AP155	Drains on C324 blocked by silt/leaves again	MH	<p>19.8.20 Clerk to report</p> <p>19.10.20 Clearance carried out and appears successful.</p> <p>11.12.20 Drains blocked after heavy rain but clearing slowly.</p> <p>19.2.21 Routine works carried out here to unblock drain.</p> <p>25.6.21 Elaine Bryce reported that since her intervention, drainage issue has been inspected by Highways Assessment Officer - drains will be cleared and jetted to the outfall within 20 working days and put on a higher cleansing schedule thereafter. They suggested ESC is asked to clear silt more often!</p>

Nov	AP158	Fallen willow tree across R Fynn close to east side of the river bridge causing a blockage in the river	MH	18.11.20 Reported to Env. Agency - Ref: 1864370 3.3.21 There are now two trees fallen across the river and the EA is aware of this. MH to chase. 24.8.21 MH reported he is still trying to get hold of EA to clear the trees.
Dec	AP160	Mud, debris etc from fields next to Church Road washed down onto Church Lane by heavy rainfall making traction difficult	MH	11.12.20 Reported SCC Highways - Ref: 298521 16.12.20 Notification from Highways to say this has been inspected but doesn't warrant immediate action – it will be assessed again at the next routine inspection.
May 2021	AP162	School path to Lt Bealings Sch (FP8) blocked by nettles, grass & cow parsley	MH	28.5.21 Reported SCC Highways - Ref: 321477 1.6.21 Acknowledgement from SCC Highways saying cutting would take place sometime before end of June. 8.6.21 Email from Hailey Bennett reporting state of overgrown path and urging for action to be taken. 12.6.21 Report received that this path has been cleared 22.8.21 Hailey Bennett has reported to SCC path needs clearing again in time for start of new school term of 2 nd Sept – she asked if Clerk would also report it online. 23.8.21 Reported by Clerk ref: 333493 31.8.21 Reply rec'd from Highways saying they can only cut the path twice a year and we appear to have missed their 6 week time frame. Clerk has re-reported it stressing this is a SCHOOL path for small children and the nettles are already waist-high to an adult! Ref 334345 3.9.21 Highways team arrived and trimmed path
2021 August	AP165	FP9 still closed following renovations to level crossing in Feb 2021	MH	1 8.8.21 Bill Johnston reported FP9 still closed – he has tried to phone Network Rail but they wanted a postcode (which does not exist!) he has since reported it online to SCC PROW. 19.8.21 Clerk emailed ROW officer Debbie Adams for advice but she is away until 23 Aug. 26.8.21 Goglemail circulation for LB reveals that this crossing is closed for safety reasons – the stile has been replaced but
